## SINCE LAST COURT

### ONE WILL PROBATED

County court was rather dull Monday. There was one will offered for probate before Judge Price, that of the late J. W. Lewis, of Berea section of the county. Mr. Lewis left all of his property except one small tract of 25 acres to his wife during her life-time and at her death to be equally divided among the heirs the event he did not sell the 25-acre tract, she was to have that too. tract, she was to have that, too, after his just debts were paid. He her named her executrix without bond

#### WILL TOUR THE WORLD

Ensign Arnold Hanger, who recently graduated from U. S. Naval delton, chairman of the committee. Academy at Annapolis, will sonn start on a tour of the world which will occupy perhaps a year. He will be acwell, of Philadelphia, who is expected out on the Danville pike, had the here today to make him a short visit before they leave. They plan a most delightful trip of globe-trotting and will go first from here to Panama, Jamacia, through Central America, spend some weeks in the interior of South America; thence to Australia, barn was not set on fire, but the Japan, China, and will probably re-children in the house were badly turn via the Suez Canal and see the pyarmids and other wonders of Egypt

OWENSBORO PREPARING

Local Knights Templar are interested in plans for the annual con-clave which will be held at Owens boro May 21-22. The local commandry is planning to send quite a delegation. The Covington commandery has chartered a boat and wil bring about 100 Knights and about thirty ladies, who will be "housed" on the boat during the conclave. This commandery will bring Smittle's band from Cincinnati. The De Molay Commandery from Louisville will come on a special train, bringing the commanderies from Lebanon, Danville, Marion, and Lexington. There will be more than 500 visitors in the city.

While they would appear to be just as valuable this year as they were last, trunk line railroads in Kentucky are worth for purposes of taxation 10 per cent, less that they were a year ago, according to their own reports filed with the State Auditor, on which the State Tax Commission calculates their assessments.

FORGERS ESCAPE AT SOMERSET

Somerset, Ky., May, 55.—One of the most daring jail deliveries occurred Saturday night when George Phelps Charlie Lewis and Ray Bullock broke jail. They are in for forgery, and when these men were caught the past three months. They gained their freedom by cutting a hole in the wall of the jail near the top. The officers are scouring the country today with a hope of catch ing them. Notice has been given all the surrounding towns, and Deputy Sheriff Thurman is on job with every country, and they have the forging of names down so fine that it ts hard to detect who signed the checks.

### MAT COHEN DEFENDS

Judge Finds Little To Fenture In Charge To Grand Juny But Touches on Pisted Trotting."

Madison county folks have been unusually law abiding-of course, with the exception of minor infractions in the exception of infraction in the exception of exception of the excepti

with the dog conditions remaining as they were.

Statistics show that in 1860, the year before the Civil War, when Kentucky's population was only 1.155.684 people, Kentucky possessed two million and a half (2.500.000) sheep, while there were only 442.000 sheep in the State.

When this information was conveyed to Mr. Richard Stephenson, president of the Kentucky Sheep Breeder's Association, Lexington, Ky. realizing the great shortage of sheep not only in Kentucky but America, and further acknowledging the imperative need and crying demand for the greatly increased supply of meat, wool and hides, Dr. Stephenson issued a call to the farmers and others interested in the sheep industry of this state to meet at Lexington, Ky., January 28, 1918, for the purpose of taking the necessary steps toward increasing the sheep production of this state, and the required protection to the industry.

Prior to the meeting of January 28.

creasing the sheep production of this state, and the required protection to the industry.

Prior to the meeting of January 28, and after several conferences of the Kentucky Sheep Breeders' Association, a tentative draft of a dog law was drawn and submitted to those present at the meeting on that date, which, after some amendments by a committee appointed by the Kentucky Sheep Breeders' Association, the 1918 Kentucky Legislature crystalized into law the Act now known as the Dog Law, and among its many provisions the one that seems to peeve "Tax Payer" most is that provision placing the general enforcement of same under the Commissioner of Agriculture, and allowing the Commissioner of Agriculture 5 per cent of the total amount collected for licenses in the various countiese of Kentucky to be used by the Commissioner of Agriculture for the general enforcement of the act.

There was never any question in the minds of the committee who drafted

sioner of Agriculture for the general enforcement of the act.

There was flever any question in the minds of the committee who drafted this act other than that the local or county enforcement of same should be placed in the hands of the sheriff, and realizing that many of the sheriff, and realizing that many of the sheriff, and being desirous of removing the general enforcement of the act as far from any local political influence as possible, and realizing that the live stock industry of the state is a large part and parcel of the state is a large part and parcel of the state is a large part and parcel of the agricultural industry of the state, the committee selected by the Kentucky Sheep Breeders' Association to draft the law placed the general enforcement of same under the Commissioner of Agriculture.

The Act provides, among other things, that the assessor or tax commissioner shall receive 10 cents for each dog listed, and the county clerk 25 cents for each license issued, which is the smallest commission allowed the county clerks under any act for work of like character.

Not is the 5 per cent allowed the Commissioner of Agriculture an adequate amount to effectively enforce the act, as intended by the legislature it should be enforced, nor does the Commissioner of Agriculture receive one penny commission, or one penny increase of salary out of the 5 per cent allowed for the general enforcement of the act.

Not only has the work of the Commissioner of Agriculture here increase.

being caused by the new war tax on soft drinks, and some of the old-time "dope" fiends are threatening to quit their favorite beverage because they are compelled to "dig up" an extra cent for each "shot." The tax went on without warning on May 1st. Five and ten cent drinks or dishes of ice cream are taxed one cent, while the 15 or 20 cent drinks are taxed 2 cents, and the taxes will be collected from the purchaser unless the soda fountain keper chooses to reduce his prices to include the extra tax item.

Drinks which are taxable when mix-

Drinks which are taxable when mixed and sold at the fountain for consumption on the premises. Orangemeade, lemonade, pineapple juice, cocacola, root beer, moxie, phosphates, fruit and flavoring syrups, mixed with carbonated water or plain water, milk shakes, cream and egg shakes, ice cream, sodas, sundaes, ice cream sandwiches, flavored ices.

These drinks are not taxable. Hot beef tea, coffee, tea, buttermilk, milk, hot chocolate, hot clam broth, tomato buillion, and bottled drinks sold direct from the container. Separate manufacturers taxes are imposed on drinks of the latter class. Ice cream is not taxable when sold in containers to be carried away from the selling place to be eaten. Ice cream cones are taxable Bromo-seltzer, roch salts, and similar medicines often served at soda fountains are not subject to tax.

Soft drink stands or push cart enterprises are subject to tax, but restaurants or other places serving ice tream or soft drinks as an incidental feature of the business are not required to pay the tax. Church "socials" and clubs are exempt, but booths at county fairs, circuses or ball games must collect the tax.

and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night . . . I took different medicines, but nothing did me any good or relieve until I took Cardul . .

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again . . . I decided I would try Cardui

... By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone. I shall always praise Cardui. I con-

tinued taking it until I was strong and well." If you suffer from pains due to Cardul for their present good health. Brookstown

AMEL cigarettes win smokers from the start because the expertly blended choice Turkish and choice Domestic tobaccos make possible Camel's delightful mellow-mildness with that all-there "body."

Camels meet your fondest cigarette fancies in so many ways. Their flavor is unusual and refreshing; and, they permit you to smoke as long as you will without any unpleasant cigaretty aftertaste or unpleasant cigaretty odor. They're simply a cigarette delight! That's the way you'll put it!

You'll find Camels good all the way through. It is a fact, you'll prefer Camels expert blend of choice Turkish and choice Domestic tobaccos to either kind of tobacco smoked straight! And, Camels may be smoked liberally without tiring your taste.

To know Camels best compare them in every possible test with any cigarette in the world at any price!

#### LOCAL DIVISION SHEET IN ON RICH OIL ROYALT?

Local holders of royalty interests in the big Wells heir tract in Lee county were gratified to have their division sheet finished up the past week under the able handling of Attorney G. Murray Smith. It has now gone into the Indian Refining Company and it is expected that the owners will soon begin to receive some fat checks, as there is said to be an immense sum in the royalty fund, representing almost a year's drilling. There are now something like 65 or 75 wells on the 1440 acres, and the production is about 1,000 barrels of oil a day or \$2,600 a day, and the lease is not a sixth drilled in as yet. So it can be seen that the Madison county men who have interests in this have some splendid prospects before them. Eight new wells were brought in during the past week by the Petroleum Exploration Company, which is operating this big lease, Well No. 20 on the Hudson and Collins Fred Slone, in which local parties are also interested, was reported in and as good for 100 barrels of oil per day. were gratified to have their division

are also interested, was reported in and as good for 100 barrels of oil per day.

Lincoln county continues to attract attention of oil men. The Interior Journal said last week of the "gusher" that was brought in there:

The drill was again applied to the great well on the John Wells farm Thursday and 2 more feet of the oil sand penetrated. A great flow of oil was produced and it came to the top so rapidly that it was almost impossible to keep it baled out. There are many who believe that a few more feet down will insure a gusher and the well will be give na thorough test just as soon as enough tanks can be built, to save the oil, As stated befor, e the oil is of a very fine variety and commands a much higher price in the markets than the ordinary oil found in Estill and other fields. It contains a great percent of gasoline and is so inflammable as to make it dangerous to be about it with a ligted match or cigar. Well No. 2 on the Wells farm will be some 250 feet north of the well No. 1 and much interest is manifested as to what it will be. If it is anything like as good as the first well, Mr. Wells' dream that he had sold his farm for \$50,000 may come to pass before another week of the present month rolls around.
